

Ingredient Policy: Healthy, Safe, Transformative

Isagenix No-Compromise Ingredient Standards

No matter how much we grow, our no-compromise commitment to the quality of our products and ingredients is one thing that will never change. Product quality—and your health—is our highest priority.

Healthy

Isagenix stands for great health. High-quality ingredients in dosages backed by science are our standard. We take an evidence-based approach to make sure every ingredient we use is pure, potent and health promoting. We also focus on sourcing ingredients from suppliers that value sustainability. It is a standard that is healthy for you, for us and for the planet.

Safe

We never compromise on safety. In addition to plenty of caution and care exercised by our formulators and researchers, we are proud to say that our quality control processes are second to none. Every time you reach for an Isagenix product, you can be confident that you're reaching for a safe product that has been thoroughly tested by third-party laboratories for a variety of heavy metals, pesticides and microbial activity.

Transformative

Isagenix exists to transform lives. We are changing lives around the world by formulating products that work, and work well. To create products that make a real difference in your health and vitality, we stay on the cutting edge of nutritional science and constantly work to get the most out of nature's fine ingredients.

“Isagenix built its reputation on exceeding all standards commonly used in the nutraceutical industry and this vision of creating a no-compromise company places Isagenix in a category of its own.”

John W. Anderson | Isagenix Founder, Master Formulator and Product B™ Formula Developer
